

How to Find Your Ring Size

To find your ring size, please follow the simple steps shown below:

1. Print this document, and make sure to uncheck the "fit to page" option on your printer's command screen (or that the page scaling is set to "None").
2. Cut out the below sizer:

Measure this length with a ruler to make sure it is 5". If it is not, you'll need to readjust your printer.

3. Make a slot in the sizer by cutting along the dotted line.
4. Wrap the sizer around your finger with the numbers facing out.
5. Slide the pointer end of the sizer through the slot.
6. Move the sizer to the largest part of your finger (this may be the knuckle) and wrap comfortably around the finger.
7. The number that lines up at the slot represents the ring size for that finger.

In this example the ring size is 6 1/2

71.0	22.6		13½			31

HOW TO DETERMINE YOUR RING SIZE

HOW TO MEASURE CURRENT RING

1. Print our chart of ring size circles.
2. Select a ring that properly fits the intended finger.
3. Place the ring over the printed ring size circles.
4. Match the inside diameter of the ring to the correct size circle.
5. If the ring falls between two sizes, order the larger size.
